HENRY FORD HOSPITAL

MEDICAL BULLETIN

Published quarterly by the Professional Staff of the
Henry Ford Hospital and the Edsel B. Ford Institute for Medical Research

Vol. 14, 1966

VOLUME 14 — SUBJECT INDEX

ABDOMINAL ANEURYSM. Ruptured abdominal aneurysms simulating sepsis, 225 Abstract

ADENOSINE TRIPHOSPHATASE. Observations on rat kidney mitochondrial adenosine triphosphatase activity during induction of aminonucleoside nephrosis, 219 Abstract

AGING. Magnitude and location of cortical bone loss in human rib with aging, 221 Abstract

AMINOISOBUTYRIC ACID. Urinary excretion of ingested α-aminoisobutyric acid-N^{15} in dogs treated with growth hormone or corticotropin, 220, Abstract

ANEMIA, HEMOLYTIC. The treatment of autoimmune hemolytic anemia with heparin, 226 Abstract

ANTIBODIES. Chloroquine: its mechanism of action upon immune phenomena, 223 Abstract

ANTINUCLEAR FACTOR. The immunofluorescent tumor imprint technic (Pts. I and II), 441, 442 Abstract

Treponemal antibodies in non-syphilitic, positive anti-nuclear factor sera, 223 Abstract

AORTA, THORACIC. Rheumatoid spondylitis associated with aneurysmal o..atation of the entire thoracic aorta, 309

AORTIC ANEURYSM. Replacement of the intrapericardial aorta for dissecting aneurysm with aortic regurgitation, 221 Abstract

AORTIC VALVE. Aortic valve lesions associated with osteogenesis imperfecta, 245

ARTHRITIS, RHEUMATOID. Significance of fibrin and other particulates in rheumatoid joint inflammation, 119

ATAXIA TELANGIECTASIA, 429

BILE ACIDS. Bile acid and cholesterol metabolism in the mouse as affected by cholestyramine, 441 Abstract

Effect of hyocholic acid on cholesterol and bile acid metabolism in the mouse, 219 Abstract

The effect of pituitary and thyroid hormones on bile acid metabolism in the rat, 219 Abstract

Quantitative determination of bile acids by direct densitometry of thin-layer chromatograms, 224 Abstract

BLADDER NEOPLASMS. Carcinoma in situ of the urinary bladder, 185

BONE AND BONES. Bone as a physiological tool, 63

The existence of a zone of finite thickness during tetracycline labeling of bone, 397

Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections, 195

BONE RESORPTION. Suggested sequential mode of control of changes in cell behaviour in adult bone remodelling, 221 Abstract

BREAST NEOPLASMS. Comparison of cyclophosphamide and 5-fluorouracil in the treatment of patients with metastatic breast cancer, 226 Abstract

Concurrent dermatomyositis and metastatic breast carcinoma: case report, 405

CARCINOMA, EPIDERMOID. Tetracycline fluorescence in squamous cell carcinoma, 220 Abstract

CAROTID-BODY TUMORS, 222 Abstract

CHLOROQUINE: its mechanism of action upon immune phenomena, 223 Abstract

CHOLANGITIS. Sclerosing cholangitis, 131

CHOLESTEROL. Bile acid and cholesterol metabolism in the mouse as affected by cholestyramine, 441 Abstract

Effect of hyocholic acid on cholesterol and bile acid metabolism in the mouse, 219 Abstract

CHOLESTYRAMINE. Bile acid and cholesterol metabolism in the mouse as affected by cholestyramine, 441 Abstract

CHROMATOGRAPHY, THIN-LAYER. Quantitative determination of bile acids by direct densitometry of thin-layer chromatograms, 224 Abstract

CLOMIPHENE CITRATE. The effects of clomiphene citrate in patients with pituitary-gonadal disorders, 226 Abstract

COAGULASE. The problem of associating coagulase-negative staphylococci with disease, 223 Abstract

COLOSTOMY. Rubber band division of the posterior colostomy wall, 317

CONNECTIVE TISSUE DISEASES. The immunofluorescent tumor imprint technic (Pts. I and II) 441, 442 Abstract

Treponemal anti-bodies in non-syphilitic, positive anti-nuclear factor sera, 223 Abstract

CORTICOTROPIN. Urinary excretion of ingested α-aminoisobutyric acid-N^{15} in dogs treated with growth hormone or corticotropin, 220 Abstract

SUBJECT INDEX

CYCLOPHOSPHAMIDE. Comparison of cyclophosphamide and 5-fluorouracil in the treatment of patient with metastatic breast cancer, 226 Abstract

CYSTIC FIBROSIS. Characteristics of cystic fibrosis in adults: a report of seven patients, 220 Abstract

DENTAL CUTICLES. A histologic comparison of apical cuticles, secondary dental cuticles and hyaline bodies, 446 Abstract

DERMATOMYOSITIS. Concurrent dermatomyositis and metastatic breast carcinoma: case report, 405

DIABETES MELLITUS. Oral tolbutamide response test in the diagnosis of diabetes mellitus, 31

Place of conservation in the medical and surgical management of foot complications in diabetics, 441 Abstract

DUODENAL DIVERTICULA. Intraluminal duodenal diverticulum, 447 Abstract

DUODENAL ULCER. Vagotomy for perforated duodenal ulcer, 313

EDUCATION, MEDICAL. On becoming a physician, 43

ELECTROCARDIOGRAPHY. A new look at some old questions in clinical electrocardiography, 265

ENDOCARDITIS, BACTERIAL. Staphylococcic endocarditis: a disease of increasing importance, 446 Abstract

ENDOCRINE DISEASES. The polyendocrine syndromes, 71

ENDOCRINE GLANDS. Endocrine factors in peptic ulcer, 173

ESOPHAGITIS. Relative frequency of esophagitis and gastritis in patients with symptomatic hiatus hernia, 446 Abstract

ESOPHAGUS. The narrow lower esophageal ring: pathogenesis and physiology, 446 Abstract

Some observations concerning the physiology of the distal esophagus with comments on hiatal hernia, 77

Extracorporeal Circulation. See HEART, MECHANICAL

FIBRIN. Significance of fibrin and other particulates in rheumatoid joint inflammation, 119

FLUOROURACIL. Comparison of cyclophosphamide and 5-fluorouracil in the treatment of patients with metastatic breast cancer, 226 Abstract

FOOT. Place of conservation in the medical and surgical management of foot complications in diabetics, 441 Abstract

GASTRITIS. Relative frequency of esophagitis and gastritis in patients with symptomatic hiatus hernia, 446 Abstract

GONADOTROPINS. The effects of clomiphene citrate in patients with pituitary-gonadal disorders, 226 Abstract

GOUT. Study of gouty tophi skin windows in man, 223 Abstract

HEART BLOCK. Recurrent ventricular tachycardia associated with complete heart block, 443 Abstract

HEART, MECHANICAL. Comparative effects of dry and humidified gases on blood during extracorporeal circulation, 139

HEMANGIOMA of the ovary, 167

HENRY FORD HOSPITAL. The accomplishments of fifty years, 3

Future trends in health care, 9

Special Care Unit; a progress report, 179

HEPARIN. The treatment of autoimmune hemolytic anemia with heparin, 226 Abstract

HEPATIC ARTERY ANEURYSMS. Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice, 421

HEPATITIS, INFECTIOUS. Degrees and variations in immunoglobulin responses in infectious hepatitis, 411

HERNIA. The narrow lower esophageal ring: pathogenesis and physiology, 446 Abstract

Relative frequency of esophagitis and gastritis in patients with symptomatic hiatus hernia, 446 Abstract

Some observations concerning the physiology of the distal esophagus with comments on hiatal hernia, 77

HOSPITALS. The accomplishments of fifty years, 3

HYPERTENSION. Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis, 95

Renal factors in hypertension, 47

Towards a more meaningful nomenclature of the various types of hypertension, 220 Abstract

HYPERTENSION, EXPERIMENTAL. Uterine artery constriction in pregnancy and experimental hypertension: a concept, a technique, 331

HYPOPHYSECTOMY. The effect of pituitary and thyroid hormones on bile acid metabolism in the rat, 219 Abstract

HYPOSPADIAS. Further experiences with hypospadias, 17

SUBJECT INDEX

IMMUNITY. Degrees and variations in immunoglobulin responses in infectious hepatitis, 411

INFECTIOUS MONONUCLEOSIS. Aseptic meningitis in siblings with infectious mononucleosis, 229

INFUSION CHEMOTHERAPY. Prolonged intra-arterial therapy for advanced pelvic malignancy, 221 Abstract

INTENSIVE CARE. Henry Ford Hospital Special Care Unit; a progress report, 179

INTERNSHIP. The superiority of the rotating program, 441 Abstract

INTUSSUSCEPTION. Treatment of acute recurrent intussusception in infants, 157

ISOTOPE EFFECTS in metabolism of ^{14}N and ^{15}N from unlabeled dietary proteins, 442 Abstract

JAUNDICE. Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice, 421

The radioiodinated rose bengal liver scan as an aid in the differential diagnosis of jaundice, 442 Abstract

KERATITIS. In vitro and in vivo evaluation of GSH 1018 against Pseudomonas keratitis, 321

Treatment of Pseudomonas keratitis in humans, 443 Abstract

Treatment of Pseudomonas keratitis in rabbits, 221 Abstract

KIDNEY. Renal factors in hypertension, 47

LEUKEMIA. Coexistent lymphosarcoma and chronic granulocytic leukemia, 447 Abstract.

LIVER DISEASES. The liver photoscan in the recognition and management of abdominal masses, 85

LIVER NEOPLASMS. Primary liver tumor presenting as right atrial tumor: a case report, 445 Abstract

LUPUS ERYTHEMATOSUS, SYSTEMIC. Palindromic rheumatism, systemic lupus erythematosus, and circulating anticoagulant activity, 249

LYMPHOMA. The relation of mastocytosis and lymphomatous disease, 445 Abstract

LYMPHOSARCOMA. Coexistent lymphosarcoma and chronic granulocytic leukemia, 447 Abstract

MACROGLOBULINEMIA. Hypertension and retinopathy in Waldenström's macroglobulinemia, 224 Abstract

MAST CELLS. The relation of mastocytosis and lymphomatous disease, 445 Abstract

MASTECTOMY. Complications of subcutaneous mastectomy and replacement by the Cronin silastic mammary prosthesis, 444 Abstract

MENINGITIS. Aseptic meningitis in siblings with infectious mononucleosis, 229

MITOCHONDRIA. Observations on rat kidney mitochondrial adenosine triphosphatase activity during induction of aminonucleoside nephrosis, 219 Abstract

Respiratory control in kidney and liver mitochondria isolated from rats treated with the potent nephrotogenic aminonucleoside of puromycin, 222 Abstract

NEPHROBLASTOMA. Wilms' tumor — metastatic to the lung, 161

NERVOUS SYSTEM. A consideration of the evolution of the nervous system, 341

NITROGEN METABOLISM. Isotope effects in metabolism of ^{14}N and ^{15}N from unlabeled dietary proteins, 442 Abstract

OSTEOGENESIS IMPERFECTA. Aortic valve lesions associated with osteogenesis imperfecta, 245

Bone turnover and osteogenesis imperfecta, 222 Abstract

OSTEONS. Fractional labeling: the fraction of actively forming osteons that take tetracycline labels in normal human bone, 255

Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections, 195

A tetracycline-based evaluation of the relative prevalence and incidence of formation of secondary osteons in human cortical bone, 226 Abstract

OVARIAN NEOPLASMS. Hemangioma of the ovary, 167

PANCREATITIS. The management of chronic relapsing pancreatitis, 143

PELVIC NEOPLASMS. Prolonged intra-arterial therapy for advanced pelvic malignancy, 221 Abstract

PEMPHIGUS. Familial benign chronic pemphigus, 222 Abstract

PEPTIC ULCER. Endocrine factors in peptic ulcer, 173

PHAGOCYTOSIS. Study of gouty tophi skin windows in man, 223 Abstract

PHEOCHROMOCYTOMA. The diagnosis of pheochromocytoma: analysis of 26 cases, 445 Abstract

PHYSICIANS. On becoming a physician, 43

PITUITARY DISEASES. The effects of clomiphene citrate in patients with pituitary-gonadal disorders, 226 Abstract

PREGNANCY COMPLICATIONS. Uterine artery constriction in pregnancy and experimental hypertension: a concept, a technique, 331

PROSTHESIS, AORTIC. Replacement of the intrapericardial aorta for dissecting aneurysm with aortic regurgitation, 221 Abstract

PROSTHESIS, ARTERIAL. Long-term behavior of a dacron arterial substitute: clinical, roentgenologic and histologic correlations, 225 Abstract

PROSTHESIS, MAMMARY. Complications of subcutaneous mastectomy and replacement by the Cronin silastic mamary prosthesis, 444 Abstract

PSEUDOMONAS INFECTIONS. In vitro and in vivo evaluation of GSH 1018 against Pseudomonas keratitis, 321

Treatment of Pseudomonas keratitis in humans, 443 Abstract

Treatment of Pseudomonas keratitis in rabbits, 221 Abstract

PULMONARY EMBOLISM. Evaluation of patients for pulmonary embolectomy, 55

Prevention of pulmonary emboli with a vena caval clip, 225 Abstract

Pulmonary angiograms in the management of pulmonary embolism, 443 Abstract

PURPURA, THROMBOCYTOPENIC. A syndrome resembling infectious mononucleosis after splenectomy for idiopathic thrombocytopenic purpura, 224 Abstract

RADICULAR CYSTS. A histologic comparison of apical cuticles, secondary dental cuticles and hyaline bodies, 446 Abstract

RADIOISOTOPE SCANNING. The liver photoscan in the recognition and management of abdominal masses, 85

The radioiodinated rose bengal liver scan as an aid in the differential diagnosis of jaundice, 442 Abstract

RENAL ARTERY OBSTRUCTION. Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis, 95

RESPIRATORY CONTROL in kidney and liver mitochondria isolated from rats treated with the potent nephrotogenic aminonucleoside of puromycin, 222 Abstract

RHABDOMYOSARCOMA. Primary liver tumor presenting as right atrial tumor: a case report, 445 Abstract

RHEUMATISM. Palindromic rheumatism, systemic lupus erythematosus, and circulating anticoagulant activity, 249

Rheumatoid arthritis: See ARTHRITIS, RHEUMATOID

RIBS. The appositional rate of haversian and endosteal bone formation measured in tetracycline labeled human ribs, 446 Abstract

Comparison of amounts of remodeling activity in opposite cortices of ribs in children and adults, 445 Abstract

Magnitude and location of cortical bone loss in human rib with aging, 221 Abstract

Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections, 195

Periosteal appositional bone growth from age two to age seventy in man: a tetracycline evaluation, 442 Abstract

The radial rate of osteon closure evaluated by means of in vivo tetracycline labeling in beagle dog rib, 444 Abstract

SARCOMA, OSTEOGENIC. Extraskeletal osteogenic sarcoma — case report, 381

SCLEROSIS. The treatment of systemic sclerosis with disodium EDTA, pyridoxine and reserpine, 109

SPLENECTOMY. A syndrome resembling infectious mononucleosis after splenectomy for idiopathic thrombocytopenic purpura, 224 Abstract

SPONDYLITIS. Rheumatoid spondylitis associated with aneurysmal dilatation of the entire thoracic aorta, 309

STAPHYLOCOCCAL INFECTIONS. Staphylococic endocarditis, a disease of increasing importance, 446 Abstract

STAPHYLOCOCCUS. The problem of associating coagulase-negative staphylococci with disease, 223 Abstract

STEROIDS. X-ray diffraction powder data for steroids: Supplement VII, 387

TACHYCARDIA. Recurrent ventricular tachycardia associated with complete heart block, 443 Abstract

TETRACYCLINE. The appositional rate of haversian and endosteal bone formation measured in tetracycline labeled ribs, 446 Abstract

The existence of a zone of finite thickness during tetracycline labeling of bone, 397

Fractional labeling: the fraction of actively forming osteons that take tetracycline labels in normal human bone, 255

Periosteal appositional bone growth from age two to age seventy in man: a tetracycline evaluation, 442 Abstract

The radial rate of osteon closure evaluated by means of in vivo tetracycline labeling in beagle dog rib, 444 Abstract

Tetracycline fluorescence in squamous cell carcinoma, 220 Abstract

A tetracycline-based evaluation of the relative prevalence and incidence of formation of secondary osteons in human cortical bone, 226 Abstract

THROMBOANGIITIS OBLITERANS, 224 Abstract

THYROID NODULES. Recurrence following surgery for benign thyroid nodules, 444 Abstract

TOLBUTAMIDE. Oral tolbutamide response test in the diagnosis of diabetes mellitus, 31

TREPONEMAL ANTIBODIES. Treponemal antibodies in non-syphilitic, positive antinuclear factor sera, 223 Abstract

URINATION. Voiding time-pressure event phenomena in voluntary voiding in females, 443 Abstract

VAGOTOMY. Vagotomy for perforated duodenal ulcer, 313

VENTRICULAR ANEURYSM. Diagnosis and surgical treatment of post-infarction left ventricular aneurysms, 444 Abstract

The surgical treatment of left ventricular aneurysms, 222 Abstract

VENTRICULOTOMY. Management of left ventricular, outflow tract obstruction by ventriculotomy, 225 Abstract

Waldenstrom's macroglobulinemia: See MACROGLOBULINEMIA

Wilms' tumor: See NEPHROBLASTOMA
